EXPERIENCE

Teacher

Hudson High School of Learning Technologies

📅 01/2015 - Present 📍 NYC

- Teaching classes of 25+ on biology and chemistry topics
- Participated in student recruitment, registration and placement activities
- Coordinated School Information Night each year
- Contributed to raising retention rate from 75% - 89% through running extracurricular sessions
- Received two outstanding reports from classroom inspections from the city central education board
- Ran 100+ school information sessions

Biology Teacher

Boston High School

📅 01/2013 - 12/2015 📍 Boston, MA

- Developed and executed daily lesson plans to engage and challenge student understanding and involvement, including 30+ international students (ESL) and students with specialized educational needs.
- Increased the number of A+ to C grades from 60% to 90% over 2 years
- Taught and mentored 100+ students over the two years, and led 5 extra learning classes outside of school hours
- Engaged in peer collaboration and instruction during staff development opportunities as well as peer observation of classroom strategies and assessment.
- Designed original student learning plans centered on the curriculum with corresponding lectures and lab activities which aligned with the Next Generation Science Standards.

Teaching Assistant

Boston High School

📅 2009 - 2013 📍 Boston, MA

- Implemented lesson plans independently for classrooms of 25+ students
- Provide educational materials, including daily lesson plans and weekly homework packets that averaged a 95% completion rate
- Lectured weekly in tutorials, and regularly in courses over 8 semesters
- Assist professor and a class of 25 students with the course related needs
