

# TAYLOR FOSTER

## Senior Character Animator | FPS Specialist

@ help@enhancv.com    linkedin.com    Seattle, Washington

### SUMMARY

Award-winning Character Animator with 11+ years of experience in developing compelling animations for popular FPS games, played by millions. Equipped with expert skills in Maya, Unreal Engine 4/5 and team mentoring. Recognized for consistently raising animation quality standards and driving gameplay experience improvements. Now seeking to bring my creative talent to an ambitious studio as it builds its new FPS IP.

### EXPERIENCE

**Senior Character Animator** 2018 - Present  
**Valve Corporation** Bellevue, Washington

Developed and implemented character animations for critically acclaimed FPS titles, mentored team members, ensured high-quality animation standards.

- Developed vision and direction for character animation, which resulted in a 20% increase in overall user experience.
- Directed team of 6 animators and developed their skills, resulting in a more efficient and creative work environment.
- Spearheaded the prototyping and implementation of new combat sequences, leading to replayability and increased player involvement.

**Lead Animator** 2014 - 2018  
**Epic Games** Seattle, Washington

Created and engineered character animations, improved gameplay experience through innovative techniques, collaborated with cross-functional teams.
